Some screws, which are used for assembly, are pre-screwed in their locations.

Einige Schrauben, die für die Montage verwendet werden, sind bereits an ihren jeweiligen Stellen festgeschraubt.

Une partie des vis utilisées pour l'installation est pré-vissée.

0.1

0.2

Tighten up screws for both legs

Ziehen Sie die Schrauben an beiden Beinen fest

Resserrer les vis pour tous les deux piétements

0.3

a

a.1

Loosen set screw
Lösen Sie die Stellschraube
Desserrer la vis de fixation

a.2

Dispose of the remaining components according to the applicable waste regulation

Entsorgen Sie die restlichen Komponenten gemäß der geltenden Abfallverordnung

Éliminer les composants restants selon la réglementation applicable en matière de déchets

Steel
Stahl
Acier

a.3

Insert into the tubes on both sides
Auf beiden Seiten in die Rohren einführen
Insérer dans les tubes de chaque côté

Check if all screws securing the frame to the legs are tight (4 screws per leg).

Überprüfen Sie, ob alle Schrauben zur Befestigung des Gestells an den Tischbeinen festgezogen sind (4 Schrauben pro Tischbein).

Vérifier si toutes les vis fixant le cadre aux pieds du bureau sont reserrées (4 vis par pied).

a.4

Frame installation holes
Löcher für die Rahmenmontage
Trous de fixation du cadre

Check if the power supply unit is installed on the frame
Überprüfen Sie, ob das Netzteil am Rahmen montiert ist
Assurez-vous que le bloc d'alimentation est installé sur le cadre.

Important! Desk reset
Achtung! Reset des Schreibtisches
Importante! Réinitialisation du bureau

After the desk is assembled and aligned, place and evenly distribute approx. 45 kg (100 lbs) weight on it. Connect the desk to the outlet and perform a reset:

1. Simultaneously press the Up and Down buttons for minimum of 8 seconds.
2. Press and hold the Down button until the desk slowly moves to the lowest point possible.

Nach der Montage und Ausrichtung des Schreibtisches, platzieren und verteilen Sie gleichmäßig ca. 45 kg (100 lbs) Gewicht darauf. Schließen Sie den Schreibtisch an die Steckdose an und führen Sie einen Reset durch:

1. Drücken Sie gleichzeitig die Aufwärts- und die Abwärts-Taste für mindestens 8 Sekunden.
2. Drücken und halten Sie die Abwärtstaste bis der Tisch langsam auf die niedrigstmöglichen Punkt bewegt.

Après avoir assemblé et correctement aligné le bureau, placez et répartissez uniformément environ 45 kg (100 lbs) de poids dessus. Connectez le bureau à la prise de courant et effectuez une réinitialisation:

1. Appuyant simultanément sur les boutons de Montée et de Descente pendant au moins 8 secondes.
2. Appuyer sur le bouton de Descente en le maintenant enfoncé, jusqu'à ce que le bureau se déplacera lentement vers le point le plus bas possible.
